

# Complaints Resolution Policy

## Section 1 - Purpose

(1) This policy is intended to ensure that the Catholic Diocese of Maitland-Newcastle (the Diocese) handles complaints fairly, efficiently, and effectively by the implementation of a complaint management system that is intended to:

- a. enable the Diocese to respond to people providing feedback or making complaints in a manner that is consistent with the [Catholic Social Teachings](#):
  - i. Dignity of the Human Person - everyone should be treated with respect and dignity. Each person is equal in dignity and has equal rights as a child of God.
  - ii. Common Good (Community) - people realise their dignity and rights in their relationships with others, in community. The rights and duties of individuals and groups must be harmonised under the common good.
  - iii. Solidarity - humans are one family, no matter the differences. We are social by nature and depend on one another. We seek to stand in unity with each other, particularly those who are powerless or disadvantaged, and recognise each persons' rights regardless of our differences.
  - iv. Stewardship - the goods of the earth are gifts from God, and they are intended by God for the benefit of everyone. We are responsible for taking care of the world we live in and for sharing all the wonders and resources the earth gives us.
  - v. Option for the Poor and Vulnerable - a healthy community can be achieved only if its members give special attention to those with special needs, to those who are poor and on the margins of society. Preference care should be shown to poor and vulnerable people, whose needs and rights are given special attention in God's eyes.
  - vi. Subsidiarity Participation - all people have the right to participate in decisions that affect their lives. Subsidiarity requires that decisions are made by the people closest and most affected by the issues and concerns of the community. Only when higher authority is required for the common good should there be intervention.
- b. enable the Diocese to respond in a timely and cost-effective manner to issues raised by people providing feedback or making complaints.
- c. improve and maintain public confidence in the processes adopted by the Diocese in the receipt of, and response to, feedback and complaints.
- d. provide a pathway to receive information from diocesan workers and people engaged with the life of the Diocese that may be used to continuously improve the services the Diocese provides, the systems each diocesan agency implements or complaint handling.

## Section 2 - Scope

(2) This policy will apply to:

- a. all diocesan workers who receive or manage the response to a complaint, and
- b. the people engaged with the life of the Diocese who wish to provide feedback or make a complaint about a

- a. grievances between staff members – reference should be made to the diocesan Workplace Grievance Policy.
- b. allegations that a diocesan worker has acted in breach of the [code of conduct](#) – reference should be made to the diocesan Counselling and Disciplinary Policy.
- c. allegations that require a safeguarding response – reference should be made to the [Diocesan Safeguarding Framework Policy](#).
- d. complaints arising from the provision of service at a parish – these should be referred to the Bishop’s Office.
- e. disclosures made by a whistleblower – reference should be made to the [Whistleblower Policy](#).
- f. a request for review in accordance with accepted internal review procedures – in these circumstances a complainant may seek a second-tier review of the process applied by the agency in its decision making.
- g. complaints that do not relate to a service provided by the Diocese - in these circumstances the person raising the concern or providing feedback will be supported to direct their information to the appropriate external agency.
- h. complaints that are not deemed appropriate for response – a complaint may be deemed not appropriate for response if it is highly abusive, aggressive, or threatening towards one or more diocesan worker or presented as statements not seeking a response. In these circumstances the complainant will be advised (if possible) and the complaint closed.

- f. Option of a representative - if a person prefers or needs another person or organisation to assist or represent them in the making and/or resolution of their complaint, the Diocese will communicate with them through their representative. Anyone may represent a person wishing to make a complaint with their consent for example, advocate, family member, legal or community representative.

  - iv. The Diocese will advise a person as soon as possible if the Diocese is unable to meet expected time frames for responding to their complaint and where appropriate, the reasons for the delay.

(10) Objectivity and fairness – the Diocese will address each complaint with integrity and in an equitable, objective, and unbiased manner.

- a. The person with management of the complaint will not be a diocesan worker whose service or conduct is being complained about.

- b. Conflict of interests, whether actual or perceived, will be managed responsibly. In particular, administrative inquiries about how a complaint was managed will be conducted by a person other than the original decision maker.

In such circumstances, the Diocese will receive complaints about the services and staff of the diocesan agency and that of the contracted service providers.

(14) Empowerment of diocesan workers – all diocesan workers managing complaints are empowered to implement the diocesan complaint management system as relevant to their role and responsibilities.

(15) Diocesan workers are encouraged to provide feedback to operational management about the effectiveness and efficiency of all aspects of the diocesan complaint management system.

## **Manage unreasonable conduct by people making complaints**

(16) The Diocese is committed to being accessible and responsive to all people who approach it with feedback or complaints. The successful resolution of complaints by the Diocese depends on the:

- a. ability of diocesan workers to do their work and perform their functions in the most effective and efficient way possible,
- b. health, safety, and security of diocesan workers, and

c. ability to allocate diocesan resources fairly across all complaints received.

As a result, the Diocese will take proactive and decisive action to manage any conduct that negatively and unreasonably affects workers and will support workers to do the same in accordance with this policy.

(18) An unreasonable complainant is defined by their behaviour which, because of its nature or frequency, raises substantial health, safety, resource, or equity issues for the people involved in the complaint process. A person's conduct may be considered unreasonable if it has unacceptable consequences for one or more of the parties to the interaction.

(19) The following categories of unreasonable conduct will be referenced by the Diocese in its interpretation of when a complainant's conduct may be considered unreasonable:

- a. Unreasonable persistence – people who persist with their issues even though they have been finalised, refusing to accept a final decision, and sending excessive amounts of correspondence.
- b. Unreasonable demands – people insisting on outcomes that are unattainable, moving the goal posts or demanding to have their matters dealt with in particular ways.
- c. Unreasonable lack of cooperation – people providing disorganised, excessive, or irrelevant information, failing to provide relevant information that might not suit their position or argument, being unwilling to consider other valid viewpoints, or refusing to define their issues of concern when they are capable of doing so.
- d. Unreasonable arguments – people seeing cause and effect arguments where there is none, holding conspiracy theories unsupported by evidence, or irrationally interpreting facts or laws and refusing to accept other interpretations.
- e. Unreasonable behaviours – people exhibiting extreme anger, aggression, threats or other threatening or violent conduct.

(20) The assessment of whether a complainant's conduct is unreasonable will be made case-by-case by a senior member of the complaint management service.

(21) Referral of a complaint to another diocesan agency or external authority for management

- a. Where, upon further inquiry into the complaint there may be reasonable grounds to suspect that criminal, corrupt, reportable conduct, or gross professional misconduct may have occurred the matter will be referred to the appropriate diocesan agency for example, People & Culture or the Office of Safeguarding and/or the appropriate external authority, for example the NSW Police.

## Glossary Terms and Definitions

**"Diocesan worker"** - A worker is a person who carries out work in any capacity for an employer or 'Person Conducting a Business Undertaking'. This includes employees, clergy, religious, trainees, apprentices, student placements, volunteers and contractors. In the Diocese of Maitland-Newcastle, 'diocesan worker' includes those who carry out work in and for parishes within the Diocese, within and for diocesan agencies and the diocesan curia.

**"Complaint"** - A complaint is an expression of dissatisfaction made to or about the Diocese, the services the Diocese offers, a diocesan worker or the handling of a complaint where a response or resolution is explicitly or implicitly expected or legally required. A complaint is not a request for service, an expression of concern, opinion, or feedback where a response is not explicitly or implicitly expected. A matter that may not be considered a complaint as defined by the policy may be recorded and referred to the appropriate operational leadership for management.

**"Complainant"** - The complainant is the person who makes the complaint. The complainant may be the person who suffered the alleged inappropriate conduct or poor service or a person acting on another person's behalf for example, the responsible person for a child (e.g. parent) or vulnerable person (e.g. appointed guardian).

**"Conflict of interest"** - Conflict of interest refers to situations where a conflict arises between public or professional duty and private interest. This conflict could influence the performance of official duties and responsibilities. Such conflict generally involves opposing principles or incompatible wishes or needs. Conflicts of interests can be: ♦ Actual, involves direct conflict between your current duties and responsibilities and existing private interests; or ♦ Potential, where a person has private interest that could interfere with the performance of their official duties and responsibilities in the future. ♦ Reasonably perceived, where a reasonable person could perceive that your private interests are or are likely to improperly influence the performance of your duties, irrespective of whether this is the fact.

**"Personal information"** - Information or an opinion (including information or an opinion forming part of a database), whether true or not, and whether recorded in a material form or not, about an individual whose identity is apparent, or can reasonably be ascertained, from the information or opinion. This includes sensitive information.

**"Administrative Inquiry"** - An administrative inquiry is a structured process undertaken to investigate whether there is sufficient evidence to sustain a complaint. Administrative inquiries apply the civil standard (on balance of probabilities) and do not address questions of innocence or guilt; nor can administrative inquiries unilaterally achieve moral certitude in canonical jurisdictions. See Safeguarding Framework Policy 2022.

**"Complaint Management Service"** - The diocesan service provided by Governance that is dedicated to the resolution of complaints and includes: ♦ Resolution Officers who have an impartial, facilitative, and supportive role

in the resolution of complaints at the Agency, and ♦ Administrative Review Officers who may be allocated to finalise a complaint by the completion of an Administrative Inquiry.

**"Complaint management system"** - All policies, procedures and practices used by the Diocese in the management of complaints.

**"Feedback"** - Opinions, comments, compliments and expressions of interest or concern, made directly or indirectly, explicitly, or implicitly, to or about the Diocese, the services offered by the Diocese or complaint handling where a response is not explicitly or implicitly expected or legally required.

**"Grievance"** - A statement (written or oral) raised by a diocesan worker regarding a genuine work-related concern, such as: ♦ an interpersonal conflict; ♦ a perceived breach of policy; ♦ the allocation of work or developmental opportunities; or ♦ a perceived unfairness in the workplace.

**"Resolution Officer"** - A member of the Complaint Management Service at diocesan Governance who has an impartial, facilitative and support role in the resolution of complaints at the agency.

**"Agency"** - Diocesan agencies may also be referred to as directorates. Diocesan agencies are intra-diocesan organisational structures that have been established and developed in the life of the church, to undertake good works and services on behalf of the Diocese and have the capacity to bind the Diocese to its actions. For the most part, but not exclusively, diocesan agencies are led by executive directors. Examples of Diocesan agencies include: ♦ CatholicCare Social Services Hunter-Manning; ♦ Catholic Community Fund (including Catholic Development Fund Maitland-Newcastle (CDFMN)); ♦ Catholic Schools and the diocesan systemic schools; ♦ Hunter Community Housing; ♦ St Nicholas services including Early Education centres and Out of School Hours Care (OOSH) services; and ♦ Shared Services, which is inclusive of multiple specialist tertiary providers to diocesan parishes and agencies, that forms part of the Diocesan Curia.

**"Catholic Diocese of Maitland-Newcastle (the Diocese)"** - The Catholic Diocese of Maitland-Newcastle (the Diocese) is inclusive of all parishes and agencies, communities, ministries and works that are under the authority of the Bishop of Maitland-Newcastle. The Bishop takes his authority from Canon Law (Canons 375-402). The geographical coverage of the Diocese includes all or part of the Newcastle, Lake Macquarie, Maitland, Cessnock, Port Stephens, Singleton, Muswellbrook, Upper Hunter, Dungog and Mid-Coast local government areas, with almost 160,000 Catholics, 38 parishes and serviced by multiple diocesan ministries and agencies. The Diocese is not wholly geographic in nature. There are elements of the Catholic Church operating within the physical boundaries of the Diocese that do not fall under the authority of the Bishop and are not a part of the Diocese. Equally, particular diocesan ministries occur within external institutions (e.g. Prison Chaplaincy, Hospital Chaplaincy).
