Section 2 - Scope

(3) This policy applies to tenants living in social housing managed by Hunter Community Housing.

(4) For properties that are governed by an agreement between [NSW Department of Communities and Justice](#) and Hunter Community Housing for the provision of Community Housing, Hunter Community Housing acts in accordance with the [NSW Community Housing Rent Policy](#).

Section 3 - Responsibilities

General Operations Manager	Responsible for the implementation and communication of this policy.

Section 4 - Policy Principles

Market Rent

(5) Market Rent Reviews are conducted annually for Government owned properties. Community Housing Providers must use data relevant to the type and location of the property, published in the NSW Department Communities and Justice Rent and Sales Report. Hunter Community Housing will use the median rent published in the Rent and Sales Report.

(6) Market Rent for leased (privately owned) properties is the rent payable by Hunter Community Housing to the owner or landlord of the property. Leased property market rents are set by the owner or the landlord of the property.

(7) In accordance with the [Residential Tenancies Act 2010 s 41 \(1\)](#), tenants will be provided written notice of a market rent increase and given at least 60 days before the increased market rent is payable.

(8) In accordance with the [Residential Tenancies Act 2010 s41 \(1\)](#), where tenants pay market rent, the rent payable under a fixed term lease agreement may not be increased more than once in any 12-month period.

(9) Market rent is the maximum amount payable for a tenant.

Rent Assistance

(10) Rent Assistance is a payment from Services Australia (Centrelink) or the Department of Veterans Affairs (DVA) paid to their customers who pay rent above the threshold limit determined by the government. More than one household member may be eligible to receive rent assistance if their portion of the rent paid is above this threshold limit.

(11) Rent Assistance is paid directly to an eligible customer and not to their housing provider.

(12) 100 percent of the household's Rent Assistance entitlement is included in the rent calculation.

Rent Subsidies

(13) Tenants living in a social housing property managed by Hunter Community Housing may be eligible for a rent subsidy.

(14) Rent subsidies are available to households on low or very low incomes. The income limits are determined by the NSW Department of Communities and Justice.

(15) A tenant may not be eligible for a rent subsidy if the tenant, or the partner of the tenant, own a property that could provide a viable alternative to social housing.

(16) If a rent subsidy is granted, the amount of rent a tenant is required to pay may be reduced.

(17) Hunter Community Housing does not pay the rent subsidy to the tenant but deducts it directly from the market rent.

(18) New tenants must complete a Rental Subsidy Application to apply for a rent subsidy on commencement of their tenancy.

(19) Existing tenants requesting a rent assessment must complete a Rent Subsidy Application to re-apply for a rent subsidy during their tenancy.

(20) Tenants must provide proof of income for the tenant, the partner of the tenant and all household members aged over 18 years within the timeframe specified on the Rent Subsidy Application, or they will be deemed ineligible for a rent subsidy and market rent will be applied.

(21) A Rent Subsidy Application is not required to be completed during a Periodic Rent Review.

Calculating a Rent Subsidy

(22) Where a household is eligible for a rent subsidy, the calculation applied to determine the weekly rent payable is:

- a. 25 to 30 percent of assessable income for the tenant and the partner of the tenant; regardless of age; and any household members 21 years and over.
- b. 15 percent of assessable income for all household members aged between 18 and 20 years, who are not the

tenant or the partner of the tenant.

- c. 15 percent of Family Tax Benefit Payments Parts A and B received by any household member included in the calculation.
- d. 100 percent of the household's weekly Commonwealth Rent Assistance entitlement.

(23) The rent payable including Commonwealth Rent Assistance cannot exceed market rent.

(24) If a household's income is equal to or exceeds the income limits determined by the NSW Department of Communities and Justice, the household is not eligible for a rent subsidy and market rent will be applied.

(25) If a household cannot substantiate their eligibility for a rent subsidy, the household will be deemed to be ineligible for a rent subsidy and market rent will be applied.

(26) For shared tenancies where individual tenants have their own Residential Tenancy Agreement, the total amount of rent collected for the property cannot exceed the market rent for the property.

(27) Rental subsidy calculations are regularly checked and verified as part of our quality assurance activities.

Participation in the Income Confirmation Scheme

(28) If a tenant or household member receives a payment from Services Australia (Centrelink), they can provide consent to Hunter Community Housing to request their income information from Centrelink on their behalf, through the Income Confirmation Scheme.

(29) If a tenant or household member agrees to participate in the Income Confirmation Scheme, Hunter Community Housing may request evidence of the tenant or household's members assessable income from Centrelink to determine the household's eligibility for a rent subsidy.

(30) If a tenant or household member participates in the Income Confirmation Scheme and receives income in addition to their Centrelink payment, they will need to provide evidence of this income separately.

(31) Hunter Community Housing may request additional evidence from the tenant or household member to confirm the household's income.

Proof of Income

(32) Proof of income must be provided for the tenant, the partner of the tenant and all household members aged over 18 years of age to confirm a household's eligibility for a rent subsidy.

(33) The tenant is responsible for providing proof of income for the tenant, the partner of the tenant and all household members aged over 18 years of age.

(34) Proof of income must not be more than 1 month old excluding documentation relating to self-employment as outlined in Table 1: Acceptable Proof of Income.

Assessing income where a person receives no income or reduced income

(49) A person may not receive an income or a reduced statutory income because they:

- Have chosen not to apply for an income to which they are entitled.
- Are not eligible to receive a statutory income because they have gone overseas.
- Are not eligible to receive a statutory income because they are receiving a Jobseeker Payment and have not sought work and have therefore become ineligible for payments for a specified period.
- Are not eligible to receive a statutory income because they have received a compensation or lump sum payment and Centrelink expects them to use these resources for living expenses.
- Have breached Centrelink requirements or are repaying a Centrelink debt.
- Are a New Zealand citizen who are in Australia on a non-protected Special Category Visa. In these situations, Hunter Community Housing will assume that the person receives the statutory benefit to which they would otherwise be entitled to for their age and household composition.

Assessing income where a person receives an amount less than the statutory rate

(50) Hunter Community Housing will assess people who receive an income that is less than the statutory benefit to which they would otherwise be entitled, as though they did receive the appropriate statutory benefit for their age and

household composition.

(51) This includes people who receive wages or are self-employed.

Assessing wages that fluctuate

(52) Hunter Community Housing will average the income of a tenant or household member that receives a fluctuating wage up to a maximum of a 12-week period, or for new employment of less than 12 weeks, over the period since the commencement of the employment.

(53) Tenants or household members that have not given consent to the Income Confirmation Scheme may be required to provide income for up to a 12-week period or the average calculation may be processed based on the information provided.

(54) Overtime payments are included as part of the tenant or household members assessable income.

Assessing income for self employed

(55) A self employed client or household member must provide a profit and loss statement completed by an accountant or a tax return for the most recent financial year as proof of income.

(56) Hunter Community Housing will determine the client or household member's assessable income in accordance with the [NSW Community Housing Rent Policy | Family & Community Services](#).

(57) When a client or household member's income is calculated to be less than the statutory benefit to which they would otherwise be entitled, income will be deemed to be as though they did receive the appropriate statutory benefit for their age and household composition. Refer to Assessing income where a person receives an amount less than the statutory rate.

Eligibility for \$5 minimum rent

(58) In some situations, Hunter Community Housing will assess a tenant or household member's contribution to the rent as \$5 per week.

(59) The tenant must complete a Rent Subsidy Application and provide documentation to substantiate a claim for the minimum rent charge.

(60) If a minimum rent charge is granted, Hunter Community Housing will review the household rent every three months.
